

Call for 2019 Visiting Professor/Post-doc position

Earthquake Research Institute, the University of Tokyo

The Earthquake Research Institute (ERI), the University of Tokyo, invites applications for Visiting Professor / Post-doctoral Fellow positions in the research fields of earthquakes, tsunamis, their engineering, volcanoes, and physics of the earth's interior. The period of each position will be from four to twelve months **between 1 April 2019 and 31 March 2020**.

Successful candidates are expected to carry out research at ERI as an employee of the University of Tokyo. Monthly salary, ancillary expenses including partial housing costs and commuting allowance will be paid following the rules of the University and ERI.

While priorities are given to the first-time visitors, we also consider second-time applications if he/she is willing to contribute to education by teaching a course or co-tutoring graduate students with our faculty members.

Candidates are requested to submit the following set of documents as attached files to e-mail (address: intl-office@eri.u-tokyo.ac.jp).

- (1) CV with birth date and detailed account of academic activity
 - (2) List of academic publications (identify a few papers relevant to the proposal)
 - (3) Summary of research that the candidate has conducted (300-500 words)
 - (4) Title of research and research proposal at ERI (300-500 words) *
 - (5) Desired length of stay: from four to twelve months
 - (6) Desired host at ERI and correspondence (if any)
- *(Optional) Education proposals for second-time applicants (lecture series etc.)

For information on host researchers at ERI, visit <http://www.eri.u-tokyo.ac.jp/en/>.
Prior contact to an ERI faculty member is desirable, but not mandatory.

The deadline for this application is Friday, 17 August 2018.
