Dear All:

It was again indeed a wonderful and memorable stay at ERI. This is my second visit and I thoroughly enjoyed my stay. Time passed very fast.... I sincerely appreciate the efforts of Prof. Satake for inviting me and for giving me a chance to work with his team. Nevertheless, I am thankful to all ERI members for extending their warm welcome and continuous support throughout my stay. Several discussion sessions with Satake-san, Kato-san, Takeano-san, and Ikeda-san were extremely fruitful. My visits to AIST, GST meeting Shochikura-san, Sawai-san & Kondo-san were quite meaningful. Detailed discussions on the recent survey they carried out in the affected area of 2011, Tohoku Ed were great.

It was nice meeting old colleagues like Rivera-san and also making new friends while spending time in # 610. I will remember discussions, jokes etc. ... shared with Talbi-san and Hermann-san.

I always love coming to Japan - it is a great country. I admire the beauty, the people - specially their dedication, kindness, concern towards individual and helping nature. Last but not the least I thank Itakura-san for helping me throughout my trip right from the beginning and making my stay comfortable.

Finally, our good wishes to you all and thanks once again for your all kind gestures.....

Hoping to see you all soon in future....

With warm regards
