

30 Nov. 2002

Dear ERI Friends + Colleagues

Thank you so much for all your help. Especially thank you for being so understanding when I had to miss the middle of my planned stay. With all your help while I was in and out of Japan, I was able to do most of my planned activities.

The field trips to Asama and to Shikoku were highlights of my stay, and I enjoyed the English lunches and other informal socializing.
